Fathy Mahmoud “Egyptian German Porcelain Company”.

Established in 1948, we have evolved and grown into a global powerhouse, exporting our products to more than 90 countries around the world. With a staggering monthly production of 7,000,000 pieces.

We take immense pride in being one of the world’s most prominent porcelain manufacturing facilities. Our expansive facility houses a multitude of specialized departments, each playing a crucial role in our exceptional output. This includes our state-of-the-art mill and spray dryer, our decal factory, our CNC factory for precise production, digital printing, and our hand-painted and handmade departments, all culminating our hand-packed finished products, housed within a single, expansive facility.

Each department plays a vital role in maintaining our position at the forefront of the porcelain industry.

At Fathy Mahmoud - EGPC, we are committed to preserving our Egyptian artistic heritage. We employ over 4,000 skilled craftsmen and professionals, each bringing their unique expertise to our operations.

Our production process is a blend of tradition and technology. Utilising advanced, German-engineered machinery for precision and efficiency alongside our skillful craftsmen. This blend allows us to meet large-scale demands, with a monthly production capacity of 7 million pieces, while ensuring superior quality. This strategy solidifies our strong presence in the global market.
