# Egyptian German Porcelain

Fathy Mahmoud

## Mr. Fathi Mahmoud

The late Mr. Fathi Mahmoud, professor of Applied Arts at Cairo University and one of the distinguished Egyptian artists established the Egyptian German Porcelain company in 1980. The founder was a well-known and recognized sculptor whose works can be seen today all over Egypt.

Professor Fathi Mahmoud capitalized on his experience in the field of fine arts and pioneered the establishment of the first porcelain factory in Egypt and the Middle East.

## M. Fathi Mahmoud

Feu M.Fathi Mahmoud, professeur d'Arts Appliqués à l'université du Caire et un des plus célèbres artistes égyptiens, a fondé Egyptian German Porcelain Cie en 1980. C'était un sculpteur plusieurs fois récompensé dont les œuvres peuvent être vues dans différentes villes égyptiennes. Sa grande expérience artistique et céramique l'ont conduit à fonder la première usine de porcelaine en Egypte et au Moyen Orient.

## Professor Fathi Mahmoud

Der verstorbene Fathi Mahmoud, Professor der Feinen Künste an der Universität Kairo und einer der bemerkenswertesten Künstler gründete die Egyptian German Porcelain Company 1980. Der Gründer war ein weithin bekannter und anerkannter Bildhauer, dessen Arbeiten heute in ganz Ägypten zu sehen sind.

Professor Fathi Mahmoud nutzte seine Erfahrungen auf dem Gebiet der Feinen Künste und gründete die erste Porzellanfabrik in Ägypten und im Mittleren Osten.

## Prof. Fathi Mahmoud

Il defunto Sig. Fathi Mahmoud, Professore di Arti applicate dell'Università del Cairo e uno dei più eminenti artisti in Egitto, fondò l'azienda Egiziano-Tedesca di Porcellana nel 1980.

Le sue sculture ed il suo lavoro sono riconoscibili in ogni parte dell'Egitto.

Il Professor Fathi Mahmoud, avendo fatto tesoro della sua esperienza nel campo delle Belle Arti, è il pioniere e il realizzatore della prima Fabbrica di Porcellana in Egitto e in Medio Oriente.

## Who we are

Today, with an ever growing production, with double digit annual growth, and with a comprehensively renewed technological infrastructure, the Egyptian German Porcelain company represents one of the Porcelain sector's leading forces and best promises for aesthetic creation, customer satisfaction, and quality delivery.

We are a working force fully devoted to the diffusion of the art values, the ethics and the professionalism instigated into us by Fathi Mahmoud and Sayed Fathy Mahmoud. With a strong sense of personal integrity and team spirit, we strive to deliver the worldwide best combination of technical dexterity, technological update, and esthetic inventiveness.

With a plant covering a surface area of 63000 m2, with 6 powder machines and 25 clay machines, with several sections of manual casting and decoration, and a recently increased number of kilns of the latest technology, we achieve a production of over 20,000 tons per annum and plan on doubling the volume until 2012.

Based in Alexandria, Egypt, we deliver world class porcelain to a great number of sectors, serving the local, regional and global markets through several sales points.

Our dedication to the vision and values set by Fathi Mahmoud is key to understanding our success; and our wholehearted pledge is equally shared by all of us.

## Our Vision

To be a top quality porcelain tableware manufacturer, globally acknowledged for refined artistic creation, technological edge, and distinct quality delivery.

## Our Mission

To be incessantly committed to excellence, by introducing best-in-industry practices, by conceptualizing new art shapes, lines and designs, and by delivering market leading, innovative product lines.

## Our Factory

Our factory features the latest equipment and updated machinery that are ergonomically set up in order to best contribute to flawless functionality, uninterrupted process, and sound environment.

To facilitate the production rhythms sought after, we keep a vigilant eye on our factory, ensuring that it always avails a rigorous setting for the development of several concurrent systems.

Our factory equipment comprises the following:

### Kilns:

As of August 2008, the factory features 14 kilns that work 24/7; among them there are 2 German biscuit kilns, and one of them is a giant, 46 m long, kiln.

There is a glaze kiln and a decoration kiln.

### Machines:

Two GFZ machines, with 3 robots (auto-arms) each, made in Germany; they are geared to facilitate the fabrication of irregular shapes.

A casting machine and two pressure casting machines, which are critical for productivity increase.

Three machines for the cup production line.  
A glazing machine for quality improvement.  
A spray dryer unit, which makes it possible to use local raw materials, such as feldspar, silica and quartz, instead of using the imported materials required for the GFZ machines.

A certain number of breakers and grinders.
